Introduction

The remarkable ministry of William Branham was the response of the Holy Spirit to the prophecies of the Scriptures in Malachi 4:5,6, Luke 17:30, and Revelations 10:7. This worldwide ministry has been the culmination of many other Bible prophecies, and a continuation of the working of God by His Spirit at this End time. This ministry was spoken of in the Scriptures, to prepare the people for the Second Coming of Jesus Christ.

We pray that the printed Word will become written in your heart as you prayerfully read this message.

While every effort has been made to provide an accurate unabridged transcription, the English audio files are the best representation of the sermons spoken by Bro Branham.

right? How did I know you was a minister? That's exactly right. Suffering with a female trouble. Alright. Is that true? That's right. You can go home...You got...Is there something wrong with your throat? Is that right? You would rather have your throat healed than the other. Is that right? So you can preach the gospel. Being that you are a minister and you got a throat trouble; there is another minister sitting right up there, belongs to the Assemblies of God. Is that right, sir? You are a perfect stranger and you have a bad throat. Is that right? Well, both of you go home and get well then, in the Name of the Lord Jesus.

¹⁵⁸ Do you want over the cancer, sister? You would? Just accept Jesus as your Healer right now. And say, "I believe you, Lord Jesus." God bless you. Go on your road, sister, and be made well. Here He is. Here He is, if you can believe. All over this building is becoming an emerald Light, everywhere. Have faith in God. Believe on Him with all your heart.

¹⁵⁹ What are you worrying about cancer for? Both of you. You and your husband's both been scared about it. Right behind you, that man and woman. Both been, yes, I am talking to you. Alright, if you want to be healed, stand up on your feet in the Name of the Lord Jesus. All right. Do you believe with all your heart?

¹⁶⁰ What about you down on the cot cases, do you believe? You believe me? You have been setting there, lady, I looked at you awhile ago, you were interested in the girl laying there. Is that right? I can't heal the child. Look this way, young lady. Do you believe me to be God's prophet? Sister, if you lay there, you will die. The trouble is in the stomach-condition. Isn't that right? Very bad, too. Nothing can help you outside of God. Would you take my word for something? The Angel of Almighty God is standing near your cot. I see your examination, and I hear what he tells you. They're keeping something back from you. But let me tell you, if you believe Jesus Christ to be your Healer and will accept it to be so, will you serve Him all the days of your life? You will do it?

¹⁶¹ Then as a servant of God, I command you in the Name of Jesus Christ to take up your bed and go home, and get well. Don't you fear. You have strength; don't worry. Rise up; go home. Lady, I speak again; To lay there is death. In the Name of Jesus Christ, rise up. There it is. Don't never disobey the Spirit of God. How many in here wants to get healed? Raise your hands.

¹⁶² Almighty God, in the Name of Your Son Jesus Christ, send your blessings, Lord, just this minute, upon these Thy people and heal them everyone. I now bless them, every one. May every sick person here be healed. Satan, come out of them, in the Name of the Lord.

God Testifying Of His Gifts

¹ Thank you, Brother Baxter. Good evening to this audience tonight.

² I was also a little late. Brother Baxter was speaking about a drunk man...want to get in, so they have him on the ground...

³ Brother Baxter was just telling me that you had taken a love offering for me this afternoon...this evening. I'm not worthy of that. But I thank you from the very depths of my heart, and I promise you by God's grace that I'm...I had seven months, as I told you this afternoon, now without services. And it was very hard as a family, and my expenses are very heavy. And so I appreciate it with all my heart. I will put every cent of it, to the best of my knowledge, to the glory of God.

⁴ And then in return, I pray that God will give you a hundredfold for everything that you have done. God will repay you. I am sure of it. And as soon as I get my debts paid off, every penny that we can have will go right into a little fund, and we will send it to...right straight to South Africa and over to India and just as far as they'll let us reach...to try to bring the gospel message to others.

⁵ We love Africa. Because the last six weeks meetings we had in Africa produced a hundred thousand conversions. In one day, thirty-thousand people accepted Jesus Christ as their personal Savior in one day. Aren't you happy for that?

⁶ Remember that's thirty thousand would be...That would be ten times bigger than Pentecost. Think of it. Isn't that right? There would be two thousand at Pentecost...that's three times bigger than Pentecost where thirty thousand accepted Christ at one day, one meeting. Now that's remarkable, isn't it? Never was repeated, never has been done in the history of the world.

⁷ The little pennies and nickels that we collect, then we know where they go. I watch that myself, to be sure that it goes absolutely to the gospel's sake alone, 'cause I'm responsible to the people, and I try to do everything I can to help the people. That's my mission here on earth is to try to help each one.

⁸ I wish there was some way here tonight...I could start down here with these two women laying there bed ridden. A man sitting here in a little push cart with the Bible; a lady sitting here in the wheelchair. And I see a crutch laying there, a lady with a withered limb, two boys sitting up there in a little push chair. Oh, how I wish I could just go down there and say, "Now, look; God has told me that I have a gift of healing that I can just lay my hands on you and make the cripple to walk or make the blind to see and the deaf to hear." Wish I could.

⁹ But He doesn't give that tonight. That lays in Calvary, that's through Jesus Christ, not of me. If it was me, I would...I guess I would go everywhere I could go. I love people. There was one time where I didn't have any friends. Next Sunday evening, afternoon, if God willing, I want to tell you my life story, and you'll see that I didn't have any friends as a boy.

¹⁰ As a young man, I wouldn't dance, I wouldn't go to shows and so

forth. I was a really a wall flower. Girls thought I was...They all liked to smoke and dance and carry on, so well, what was I to them, see? And when I got converted and become a member of a church, then they told me I was a fanatic...So just as I told you this afternoon; just now the last few years I met a people who love God, who believe in God the same way that I do, believe that He is God yet, the same God that He was yesterday and will be forever.

¹¹ And then to meet Him with that group who love Him, and that's like—just like the glove on your hand. It's just something that I love the people with all my heart. Then I pray, "God, what can I do?" Daily, while you're all out working, I'm somewhere maybe praying for you, asking God to let me have more of His grace, or please give me more strength and power to help some way that I can help you.

¹² You might not understand that thoroughly now, but that day, when all the crowns are given out, and I'm seeing the crowns placed upon each one of your heads. And I will be standing back, in the background, weeping and sobbing for joy to know that you've made it. Then I'm...I expect then that my Lord will turn around and say to you, "He prayed for you. He done all that he could." See. See? That would just be so worth so much to me.

¹³ That may sound suspicious. You may say, "Brother Branham, you're loose." But I believe that those things will come to pass. That we'll meet Him. He will be Jesus, the same Jesus; eating, drinking, just as He was when He was here on earth. And I believe we will be just as we are now, only immortal. This corruption will put on incorruption.

¹⁴ Now, and I thank you from the depths of my soul for your offering. I'll do all that I can to glorify God. I am trying my best now to get back to, I'm sure I told you of the vision this afternoon, and there will be a meeting that I will hold somewhere, and I believe it's in India, near Bombay, that there will be three hundred thousand people. I don't know how many converts there will be in that meeting; probably run up to one hundred fifty, two hundred thousand people converted. And the little fragments that's left over this afternoon and tonight will go for that purpose and at that day God reward you, each one for giving it is my prayer.

¹⁵ Now tonight, it is hot in this building, almost nine o'clock, and I am not going to take...I had a scripture placed out here I thought I would speak. But the Holy Spirit seems to tell me now, "Don't do that, but just start the prayer line." So I can start praying for the sick.

¹⁶ Now, last night was the night, the meeting night, that God had sent me to Hammond to meet. You all were here. You probably understand. Now, since then the Spirit has broken all that difference. And right now, it's just altogether different.

¹⁷ This coming week, I believe will be—will exceed the week that's passed, much more. See? I believe it. Now, let us pray, and let's ask God to help us. And God will do it. I am sure, if we will ask Him and believe. Now you come out...and that's...Now, from now on, until next Sunday

home?" God, grant from this hour she will stay with You and Your Church and live for You. And I now...After the cause has been found, the cure will have to be. Satan, cursed be you. In the Name of Jesus Christ, you who's called cancer come out of the girl.

¹⁵¹ Look on me as God's prophet. The reason I use those words, "Coming home, staying away, slipping back..." Now, your sins are forgiven you and your cancer is healed. Now go and sin no more, and God be with you.

¹⁵² Just a minute, lady. That's alright. Little lady sitting up there dressed in a white dress with the stomach trouble, do you want to be healed? There in the top row, in the place up there, that's got the stomach trouble. You have also left God. If you will repent tonight, come back home, God will make you well.

¹⁵³ And you sitting there in the red looking dress, looking down at me so, do you believe me to be His prophet? You are under that Light, that's the reason I'm speaking to you. I can see dark objects back in there. Do you believe me to be His prophet? You do? You're not concern...No, you are concerned about a child there. Is that right? With a kidney trouble. Do you believe that God will make it well? Do you believe that God will heal the child...The little child there, that you are thinking of, do you believe it? If you do, God will do it, if you will accept Him as being your Healer. Have faith in God. Don't doubt nothing. God shall bring it to pass.

¹⁵⁴ God bless you, sister. You are healed while standing in there—in there. The Lord be with you. Have faith in God. Do you believe? The Angel of the Lord moved to somebody else right here in the balcony, and I couldn't see just who it was at the time. Have faith in God. Do you believe with all your heart? Sir, do you want to get over of that asthma? You do. Raise up your hand, if you'd like to get over it. Do you accept Jesus as your Healer? Alright. Go on your road then. God will make you well.

¹⁵⁵ Sir, the colored man, sitting there with heart trouble. Got some kind of breaking out on your legs, too, haven't you? Alright. You can go home and get well also. Jesus Christ makes you well. God bless you. That lady sitting back there with anemia, too, can get well, too, if she would just believe. Have faith in God. Alright. Do you believe? How do you do, sister, packing your little boy. Do you believe me to be His prophet? I can't heal your son, sister. It's impossible. I'm a man. But God can heal your son. Do you believe me as His servant? That baby was...Started out in life, born a blue baby. Is that right? The baby suffered with heart trouble, even now. Is that right? Is that true? Come here.

¹⁵⁶ God in heaven, have mercy on the little lad as I bless this child in the Name of Jesus Christ, remit every sin and take this child into Thy care. And may it live and not die, in Jesus Christ Name. Amen. God...

¹⁵⁷ Alright, sister, do you believe me to be His prophet? You should believe me to be His prophet because you are a minister yourself. Is that

enough to come to you and I as brother and sister, and me wanting to help you so much, and if He will let me know what is wrong with you so that I can pray for you for that trouble, then will you believe that He will make you well?

¹⁴⁴ Father, I pray for her, that You will heal her and make her well. Now I lay hands upon her and ask this blessing, in the name of Jesus Christ, the Son of God, that You heal her. Amen. Now, this heart trouble that has bothered you so long, do you believe that it's going to leave you? Do you believe that you are going to get well? You shall. God be with you.

¹⁴⁵ Do you love the Lord, up there in the balcony? Do you love Him with all your heart? Have faith in Him. He will bring it to pass. Wherever you are; only thing that I ask you to do is believe that I told you the Truth. It's alright; just someone giving vent to their feeling. Oh if you could just be as spiritually alive...

¹⁴⁶ God bless you, brother. If you believe now, that asthmatic condition will leave you and you'll get well. Do you believe it? God bless you. Go on now.

¹⁴⁷ Lady, yes, since I've come in this building, you have constantly sitting there looking at me. Sis, that's alright, where you are. You look like a healthy woman, but I watched you a few minutes ago. You have a trouble in your back. Isn't that right? He healed you awhile ago. You are well now. Have faith.

¹⁴⁸ You know what's wrong with you, don't you? It's cancer. I seen that fellow when he told you that. You only have one chance to live, and that's through Jesus Christ. Do you believe on Him as your Savior? You will serve Him with all your life? Aren't you ashamed of yourself the way you treated Him? Do you believe me to be His prophet? You couldn't hide your life from me even if you had to. Now, are you coming home now? You surrender yourself to God? Look, at one time you knew God. One time you had an experience with God. But you left Him and went away and this cancer come up on you to bring you back home. Are you ready now to receive Him? Do you take Him now as your Savior? Promise never no more to roam from Him, but live for Him the rest of your days? If you do, raise your hand.

¹⁴⁹ Almighty God, you see the confession of this poor child like the prodigal son that has wondered away down in the hog pens of the world, down in the mucky mire. Poor little thing; Satan has set upon her now to take her life. That's the way he does: blind them out there and then take their life. But somehow through grace You pushed her into this meeting tonight and arranged so that she could be here at the platform, that the secrets of her heart might be known. God, forgive her of her backsliding. You said You were married to one... And I pray Father that You will take now... You said, "He that comes to me I will not cast out."

¹⁵⁰ Now grant, Lord, that tonight, that she's willingly, humbly... You have never forsaken her. She had forsaken You. All along the line there You loved her and spoke to her and talked to her. But yet, she still stayed away. God tonight, that's the reason I used the words, "Are you coming

afternoon, it will probably be very little speaking. Now I even met someone in that restaurant this afternoon, and while I was sitting there just awhile ago, the Angel of the Lord was so near in that restaurant.

¹⁸ There was a man setting there right across from me. He didn't know me. But I knew what he was suffering with, and there I looked over to this woman. There set a woman sitting there. A vision moved right over her. A young minister friend of mine walked over to me, and I told him. I said, "Brother Thoms, the Angel of the Lord is so near at this time." See? And just then, when I come on over, brought the wife over, I went and rode around, just kept riding around.

¹⁹ Go on out into the place and waited till just a few moments ago, for to come into the meeting, getting ready for the service. I think if I speak any, or do anything any more than just this word or two here, it might take it from me. I am wanting to see God magnify His Son, Jesus Christ, tonight. And I will just... I have to get this Scripture reading because I want to read a scripture every night. Because I hope that you in your home will read at least one chapter in the Bible every day and pray. See? Always do that. That's the old fashioned Christian home.

²⁰ And God knows that we need more of that; more than we need atomic bombs in America. That would be the best thing that we could have for the purpose of God's love and power around us. It would beat all the atomic power. Don't you think so? A praying...

Alright, in Hebrews the 11th chapter. And beginning at the 4th verse. I wish to read this just for a scripture lesson now.

By faith Abel offered unto God a more excellent sacrifice than Cain, by which he obtained witness that he was righteous, God testifying of his gifts:

God, testifying of His gifts.

²¹ How many strangers is here for your first time? Let's see your hands. This is your first time? Oh, many hundreds. Now Brother Baxter told me that tonight... Usually Brother Bosworth, or Brother Baxter, some of them explain all about the working of the Holy Spirit in our meetings. And I don't; I'd walk straight to the platform and start the meeting. But they had... I told them just last week, I said, "I don't know why I am in Hammond." But I understand now. So then, now they'll take over. I was speaking myself.

²² Perhaps through speaking, I could find something or see where it was. Until I found what is was and God has been glorified. And now from henceforth, the managers will do the speaking. I will just pray for the sick. And each night maybe read a scripture and start praying for the sick.

²³ Now, dear Christian friend, I am not a Divine healer. No other man is, no doctor is. And there is only one healing, that comes from God. Do you believe that? Now for instance, if we would speak this... Now, all diseases... Can you hear me better from this mike here?

²⁴ All diseases come from, is direct or indirect cause from sin. Now, not

maybe sin in your life but sin in your parents' life, inherited. Do you believe that to be possible? God said so. "I will visit the iniquity upon the children and the children's children until the third and fourth generation." Is that right? So it comes before we had any sickness, before we had any sin we had no sickness. Now just watch how easy it could be, just a little lesson of this.

²⁵ Let's take for instance a certain disease. Let's take a tumor or a cancer. Usually a tumor goes malignant and becomes a cancer. Now watch just a minute, and listen close now, to you that wants to be prayed for and healed. Now a cancer...now, that in the first place is a medical name. Comes from the word crab, "with many legs." There is many forms of cancer.

²⁶ There's a Red cancer and a Sarcomas cancer and the different types of cancer. The rugose cancer, rugose cancer, is usually on a woman's breast, just piles up like, oh, like pancakes on top of each other. And the Sarcomas cancer is the worst, I guess, of all of it. But now, let's watch what it is; the first place, it's a growth. Alright. Now it's a little body. Well, now before it can become a body, it has to become a cell and then the developing of cells, before it can be a body.

²⁷ Now, let's just say for instance, you; you here tonight. You was one time...I was one time just a little teeny germ. You were, too. And now through holy wedlock...Why, when we were brought into the human incubator, then that teeny, little cell that you were in, so small that the human eye can't see it, it looked like a little...Through a microscope-glass, like a little thread, or something.

²⁸ And then right in the middle of it is like a knot begins, when it begins to develop, tie. That's the spine, and in there that one little teeny cell that you come from, begin to multiply itself, and begins to develop out from one little teeny cell on cell, and every seed after its kind. The bird will produce a bird. The dog, a dog. A human, a human. Every seed after its kind.

²⁹ Now, and the diseases the same way. The sarcomas of it's kind, the red cancer; the different types of whatever the growths are. Now, but notice, then you finally become to the age...You begin about like a lemon, and then after awhile up to the normal baby birth size of nine months, was born in the world and has developed cells. And then finally that little cell has brought you to the place to where you are now. You know that is true. Isn't it? That is true. Well now, let's just take you and diagnose you just a minute and then you can see what this other fellow is.

³⁰ Now let's bring you down, one cell after the other, one cell after the other, and you finally come to that one little germ again. Well now, if that little germ...What is a germ? That's the next thing. We got you down to there. Now, if I have to break that germ down, I will find out that a germ is a teeny, little cell. The smallest cell there is. It can be seen because it's a natural part, but that's the last thing that a light in a glass will reflect is that teeny, little cell of a germ.

right? Is that right? Aren't you up for an operation? Isn't that right? Suppose to be operated on with some kind of a rectal. Isn't that right? If that is right, stand up on your feet. Alright, go home, and get well now. God heard your prayer.

¹³⁹ Alright, sister, while you were standing there, you were looking at that and something come upon you. A real strange, odd feeling...God healed you then. You have had a female trouble for a long time. Isn't that right? An old aching condition, more on the left side. Is that right? Is that right? No one would know that, but in the room, your bathroom and so forth is...what I...you know what I'm speaking of, 'cause you're thinking right now what I am saying. What I am thinking in my own mind, you are thinking the same thing. Is that right? Only God would know that. Alright, You are going to get well. God has blessed you. Go on your road. And may the Lord Jesus be with you and make you well.

¹⁴⁰ How do you do, my sister? Do you believe? Now, God is beginning to move into the audience. I see It going from a woman out yonder again. How long has...Look and live. Do you believe that Word? Well, that Word, according to the Bible, Saint John 14:12, He is Jesus Christ. The Author of that Book said, "The things that I do shall you also." Is that true? Do you believe that He has sent me that I might represent Him to you tonight? Then the only way I do, I can only say what He would show me. Is that true? 'Cause He could only do...When He was here...And that's what He does now. He is here now. I see what your trouble is. If I'll speak it to you, would you accept Him as your Healer? You have arthritis. Is that right? If that is right, raise your hand. Now do you accept Him as your Healer? Go home then. It's got to be gone. God bless you, my sister. What you say? Don't you worry about that. I told you God would bless you. See what...Hear me what I said there, the things that you was thinking, I was thinking the same thing. All right, go ahead...that fine, that's right.

¹⁴¹ How do you do, sister? Do you believe me as God's prophet? You are suffering with more than one thing. One thing, a heart trouble that's been bothering you, and another thing, you're a...But you have faith now. If you can remain right where you are now in faith, it will go away from you. Can you do that? The Lord bless you, now. Also, with your heart trouble, you may go. When she was healed, I thought it was you at the first place [Blank spot on tape-Ed.]

¹⁴² Everyone, reverent. God be merciful and heal the woman I pray. May Your Spirit be upon her and make her whole. Satan, leave her in the Name of Jesus Christ. Look here, can you hear me alright? Do you believe with all your heart? Alright, He has made you well. You go, and everything is all right. You are normal. Little lady, it's been...

¹⁴³ Just to look at you standing there, lady, yet a young woman, your hair turning grey, probably life hasn't been a flowery bed of ease for you. But I don't know. I cannot tell you, but God is here to make known what is wrong with you. I feel sorry for you. Now I'm your brother in the Lord Jesus. And I want to help you. Do you believe me? If He will be lovely

your stockings and conditions anymore. God will surely make you well. Alright.

¹³² Come, lady, do you believe? You're just a little bit excited. I am your brother to help you. And that spirit is the only thing that—that's the One Who would know about your condition. He is the only One that can help you. Do you believe that book you talk out of? I know you do, too. But...Kind of surprised you, didn't it, when I said that. But here is what it is, also. You have a stomach trouble that bothers you. And you're nervous from the strain, you have other things wrong with you, also. But wouldn't you like to just enjoy health like you used to, not long ago? Isn't that right? Alright, come here.

¹³³ Father, as your servant I lay hands upon this woman, realizing that here at this platform stands the Angel of the Almighty God. I bless her, and pray for her in the Name of Jesus Christ, the Son of God, that you will heal her and make her well. Hear the prayer, the sincere prayer, the effectual fervent prayer of Your servant, through Jesus Christ's Name, I ask this. Amen. God bless you, sister. Go and be well.

¹³⁴ Come, lady, do you believe? I say that just to see how your spirit feels. See what your spirit will do to react when I say, "Do you believe?" To see whether you're lying to me or not. See? If you was, it would be told you. But you are wondering, now. I'm not reading your mind, but you are wondering what I was going to tell you, when you seen what was told that woman. Yours doesn't lay in stomach trouble. No, it wasn't what she had, but you have a tumor. Is that right? You believe if I will ask our Lord Jesus...He said, "The prayer of faith shall save the sick." Do you believe I love Him? You do. Do you believe He would hear my prayer if I would ask Him for you? Then come near. Will you serve Him with a true heart all your life?

¹³⁵ Almighty God, bless this woman, who I bless in Thy Name. You said, "Whatever you bind on earth, I'll bind in heaven; and what you loose on earth, I'll loose in heaven." The keys is given unto the church. Now, upon the authority of the Bible, upon the authority of my risen Lord, who is Present now with His Angel manifesting these things, I now say, "Cursed be this tumor in the woman." In the Name of Jesus Christ, may it go from her. That's—That's just...Keep up saying, "Thank You Lord." God will see that you won't need your operation.

¹³⁶ How do you do? God bless you. He was hearing your prayer. You that were praying. Yeah, I am speaking to you. You were sitting there praying, weren't you? Praying to God. God turned me around and spoke to you, because you had your head bowed, praying. Now, look to me. I don't mean that...Just like Peter and John said, "Look on us." You see?

¹³⁷ Elijah said, "If it wasn't I respected the presence of Jehoshaphat, I wouldn't even look at you."

¹³⁸ But you look to me because you were praying, and God called my attention to you. If God will let me know what is wrong with you, lady, would you accept your healing? If He will tell me what is wrong with you. Isn't there something wrong about a breathing condition? Isn't that

³¹ Well then, that germ is alive. And if we have to go beyond the last cell, then you got life. That comes into the spirit realm. Well now, a cancer...Just as you grow in the womb of your mother, a cancer grows in your body. For instance, like my hand; there is no cancer there. There might be someday. Well, what causes the cancer? Well, the first thing maybe a bruise will cause a cancer. Those little cells, when they're bruised, they backslide. That's a big word for a Baptist to say, isn't it? But that's what happens. That's a ...you back, they backslide.

³² And that's just the way it is in a church. You get that backslider in the church, he's going to bruise that whole body if you don't watch. Now, but that cell backslides, and it's bruised up. Now Satan...Now somehow there's not a cell of cancer in there now. But a cancer could come in there from some cause. Then it's like...

³³ Maybe it will be on the inside, in the female glands, in the stomach, in the lungs, or wherever it may be. But it starts with first a little cell. Then before it was a little cell; after the cell, it has to come to a life. Now, if that cancer is on the inside of you, a tumor, cataracts, whatever it might be, a growth; it's a little tiny life, outside of your life, developing cells, maybe the tumor or cancer is that big now. What's it doing? It's growing, developing cells. It's alive. Do you believe that? Now what is it? Behind there, down below it, you have to find out now that comes from a cancer germ, which is a cancer life, which is a devil.

³⁴ Now, I would like to see anybody take that out of the Word of God and say it isn't true. Every...Look, the Bible says, "When the deaf and dumb spirit went out of the man..." Now, for instance, the man tonight was deaf and dumb, like the lady was that was speaking here on the platform and other places. Now, he comes up, "Um, um, um..." See, deaf and dumb. Now, the doctor will x-ray her. Now, perhaps maybe it might be a bone that's been pushed or something has ran across that nerve, that goes to her vocal cords or to her hearing, that's crossed up and had cut the energy off of it, like a ground on that wire.

³⁵ Now, the doctor looks at that x-ray, say, "Yeah, here it is. Why an operation can do that. We'll take, go in there, and move this bone back and push it back." That will let the life energize. And when it does, she can hear. She can speak. See? If it's caused some accident or something. What if he can't see nothing? He says, "Well, she's just deaf and dumb." Well then, what I'm wanting the answer for, what made her deaf and dumb? What caused her to be deaf and dumb? Well, the doctor says that the energy of the nerve that's on the eardrum has been cut off.

³⁶ Well, that would be like a transparent band around my hand here that, around my hand, you couldn't see it. After a while my hand gets stiff, turns dark, gets sore, and the doctor comes and a big sore breaks out on his finger. And he'll wrap it up. He'll say, "Well, Reverend Branham, I x-rayed your arm, but the nerves is just dead from here out."

"What made them die, doctor?"

"I don't know. I don't see a reason there. I can't understand."

³⁷ That's the way it is on the ear. It never died all over the body. Why

did it die right in the ear? Why did it die right on the vocal cord? What made it die? There is no... You can't explain it, that's beyond. See? I can't tell you because the doctor can only work with the five senses, what he can see or feel. That's the only way our medical professions could... can work on the senses; anything they can see or feel.

³⁸ Outside of that, they can't see it, feel it. They don't know what to work on. Now, then if there is a truth, here is a person deaf and dumb. And there's no... Nothing laying against that, or stop that, or... Then what has caused it? Now, here is what it is, friends, in the light of God's Word, there is an unseen force, the devil, which comes out, and himself... Just the x-ray won't show him, but it cuts off the energy.

³⁹ It's a supernatural being, setting there that's cut off the energy from that eardrum. Now, in the way of Divine healing, the prayer of faith moves this unseen force. And if nature has its right way, then that eardrum becomes energized again, and the patient can hear. And Jesus said it was a deaf and dumb spirit. Do you believe He was right? You believe He knew what He was talking about? Certainly He did. Now a cancer...

⁴⁰ A cataract is in the eye. And a cancer, he's a scavenger, and he eats the dead things just like the scavenger of the earth. All the earthly things type the heavenly, just exactly. And a cancer is a scavenger, and so he eats the impurities; he eats the dead things. And he kills as he eats, sucking the blood. Now he comes into your life...

⁴¹ Now look. Here's the person with that germ of life that was ordained of God, that germ of life; multiplication of just cells. From that one little life brought forth your life, and then in you is a lump about that big, another group of cells; altogether a different life living in you, sucking the blood from your body. He's a killer.

⁴² Now, who gives that to you? You couldn't say that our lovely Heavenly Father put that on you. Then it's the devil. And God's Word declares it to be the devil. Now what does Divine healing do? Divine healing, sometimes in a miracle, certainly. I have newspaper statements that I can produce to any skeptic that would like to look at it. Go back there, and pick up one of my books, and call down to Sun Times, and find out if it's right or not.

⁴³ Where reporters standing right there on the platform and seen cancer on a person's face. And while I was praying and rebuked the cancer and asked the Lord Jesus to heal it, the cancer turned just real red, bloody. That--there's the report. Go ask, look. Write them, talk to them about it. And it turned black, dried up, and rolled off, and rolled over my feet, while standing there.

⁴⁴ And the newspaper stood there and wrote it and took the... Said, "Could you stand still just a minute?" And took its picture like that and news spread across the country. Now, see? Now, things like that; that's a miracle. Now, in a case of healing, here is a cancer, a malignant growth. Now it's in there. We pray for you, do all that we can; others pray for you.

God. He is the only thing that can save you. Do you want to accept my Lord now, Who's here? Do you realize that there is something taking place, around you? Do you want to accept our Lord Jesus Christ as your personal Savior who died for you so that you could be saved? You now accept Him? If you do, would you raise your hand as testimony to the people? You now accept Jesus as your Savior.

¹²⁶ God of heaven, bless this young woman. May this hideous demon that was creeping right upon her, to take her life, may it leave her. She has accepted You now. She is weeping because she has sinned, and now nothing stands before You, Father. And as thou has said, "He that will accept--He that cometh to me, I will in no wise cast out." A lovely Father, ready to forgive. Calling this child tonight, by disease, a demon that would have took her life within the next six months. And now, Lord, we thank You for Your healing power. And I pray God, that she'll be a worker in the vineyard. "He that heareth My Words and believeth on Him that sent me, has everlasting Life, shall not come into condemnation, but is passed, from death to life." New life is born then right here, Father, and we thank Thee for her soul and for her healing through Jesus' Name. Amen.

¹²⁷ My sister, you are a Christian. You were dead in sin and trespasses when you come into this line. You are alive in Christ Jesus to go out of the line, to a new life, healed from your cancer. Go, God bless you.

¹²⁸ Do you believe? With all your heart? Well, I am a stranger to you. I do not know you. I have never seen you in my life, that I know of. But you and I are strangers, but you are a Christian. Do you believe me to be God's prophet? You do then. When I said that, something struck you, didn't it? That was a vision that hit before me. Now, I am going to tell you what is wrong with you. It may be strange. And I don't mean it before this mixed audience. But it's no harm. It's something or other that's in your skin that you can't touch certain kind of things. You are allergic to something, like... Some kind of a goods that you wear on your limbs, like stockings or something. Is that right? If that's right, raise up your hand. Breaks you out. Come here. God of heaven will make you well.

¹²⁹ Jesus of Nazareth, seeing that woman sitting on the side of the bed there, putting on those stockings and turning around. Master of Life, as your prophet, I lay hands upon her, and her being my Christian sister. And I ask in the Name Jesus Christ that Satan leave this woman tonight, and that, an allergy that's wrong with her there causing her to be allergic, may it leave her blood this very hour and may she be made well. Through Jesus Christ Name, I pray.

¹³⁰ And You said, "If you'll be sincere and get the people to believe, and then be sincere when you pray..."

And I said, "They will not believe me."

¹³¹ You said, "By these signs, they will believe you." And now I'm sincere, committing her to you, that you will be healed from this hour, in Jesus Christ's Name. Amen. Now God bless you, sister, don't fear about

vision was just now. It has left and gone from me. 'Course it's still moving here because it's just pulling from everywhere in here, but ever what I said, was it the truth? Alright, well, go home now. You had an operation...Alright...Now, you can go home now, and you're going to get well. God bless you.

¹²⁰ Now bring the lady. Now, everyone, just as reverent as you know how to be now. Be worshipping God. Don't act like you just...See? It hinders me here. See? Just be reverent, and watch with all your heart.

¹²¹ How do you do, sister? Alright. Don't think that I have strange acts. It's sometimes I can't get my—just bearings where I am. And I think if maybe somebody come up or something, and I looked at Brother Baxter then, and it was to find if this was the patient. You see? And sometimes He might lead me right out into the meeting or something, you see, and I...Right out in the audience and I just have to kind of...No need of me explaining it, I can't.

¹²² You believe me to be His servant? You do. The reason I ask you that...He told me, "That if you would get the people to believe you, then be sincere when you pray..." Thank you. I don't know nothing about you. God knows that. See? I know nothing about you. But now, I couldn't heal you if I had to. There is nothing that I could do to heal you. I don't even know what is wrong with you. I am not a doctor. I would have to examine you to find out what was wrong and maybe then I couldn't do it. I'd put you under x-rays, but the Spirit of God, which is the Master of all x-rays, He is here. He knows all things. He looks plumb back down through the cycle of time. Do you believe that?

¹²³ Now look. Between you and I stands a dark object, about like a cloud; floating, moving, and I know who it is. And I know what he does to the people. You are bothered with a nervous condition. Isn't that right? Mental nervousness, upset. And you think sometimes that you are going to lose your mind. Isn't that right? I am not reading your mind. But that's...Isn't that right? That's...Don't cry. Now, it has moved from you. Your faith, without prayer, has made you whole. Now you can go home. You are going to be a well, healthy woman. God's blessings upon you, that's faith believing. Have faith, don't doubt; just believe. Please, everyone reverent. When you move, it interrupts me just a moment.

¹²⁴ How do you do? I...Just to talk to you just a moment. I...We are strangers, are we? We are perfect strangers. I do not know you. Only thing I know, there is an object of woman standing before me. That's all. But I am aware that you being a mortal being, that someday we will have to stand before the Almighty, to give an account for our lives. You are a sick person. You're...You have had an examination. I believe it's a female something trouble, isn't that right? A cancer, in the female glands. Kind of shocked you a little, but I had to do that. But I see something else. That you are not a Christian. You haven't been saved yet. You are a sinner that hasn't accepted our Lord.

¹²⁵ Now, be honest with me, isn't that the truth? Have I told you the truth? Well, now you realize, lady, that will take your life, outside of

⁴⁵ Now usually in the case, when this happens...Now, what takes place? Not so much as a cancer growing. The doctor, he can cut it out. That's alright. If he can cut it out and get the roots out of him, okay, that's fine. That's his duty to do that. That's what he is trained for. That's what our schools are for, for doctors. That is what our hospitals are for. That's what God give us that tree of knowledge for, to do something, to help somebody. If your arm is broke, it's your duty to go see the doctor and get him set that arm. Then, ask God to heal it. See? That's right.

⁴⁶ But now, wait. What if that cancer...He can't cut it out? What if the roots is scattered out like this? Then there is only one thing left; that's God, the Almighty. They have no medicine that would poison that germ, as yet. God help them to find something is my prayer. But now in the case of Divine Healing, what happens? The life, not the cancer the body, the life of that cancer, which was the inside of that germ. The life that started developing in the first place is rebuked and brought out by Jesus Christ and took away from you. The body is still...

⁴⁷ Say for instance, like this lady setting here. What if she was a cancer on the earth, and I wanted to get rid of her in the way of Divine Healing? I'd just call the life out of her; her body would fall down. Well, her body is still here, just the same as it is now, you see. But what's happened to the lady? She's dead. Alright. Just give her enough time.

⁴⁸ Now, the first thing that happens to a person is usually they feel good right away. They go to feeling good. "Thank the Lord. Well, Brother Branham, I wasn't able to eat for a long time. I can eat anything now." Now be careful. Just a moment. Now in an ordinary...in the procedure, and many know this; they'll get like that for about seventy-two hours. 'Cause anybody in here...How many hunters is in here, let's see your hands? That's hunted wild game, let's see your hands? Alright.

⁴⁹ Did you ever kill a deer today, tell the boys how much it weighed? Be careful when you put him on the scale in the morning. He isn't going to weigh that much. Is that right? If there is a butcher here, if there is an undertaker here, will know the same thing. Our human body...

⁵⁰ They'll take the artificial eye, or false teeth out, because the body will shrink for the first seventy-two hours. It'll start shrinking, shrinking away. And then after it lays so long then it starts swelling again. It's deteriorating, swelling up. And like the little animal laying out on the road, he's killed. Let him lay there in the sun about seventy-two hours. Why, he's heavier then he was in the beginning; he weighs more. A human body weighs more after it starts deteriorating. It swells up. Any animal does; anybody, any human flesh, or other flesh, it begins to deteriorate, and it swells up.

⁵¹ Now, nine times out of ten, if the patient isn't instructed on what to do, right there they lose out. See? They say, "Well, I feel so good. I just feel so wonderful." And then about...After about seventy-two hours, they get a sick spell. They start getting sick. They say, "Oh, I've lost my healing, Oh I thought Brother Branham told me, 'In the Name of the Lord...'" That's the best sign in the world that you are healed. See? The

thing's dead. It's swelling up.

⁵² What if a lump of flesh as big as my hand, was on the inside of you, and it was, this as plain, where it was rotting in you? The heart stream has to pack off the impurities and all the inflectional sore, fever too. You know that. Then it's got...Your blood stream has to purify your body. That's what it's for. God put it there for that purpose. And then the people say, "I've lost my healing." Why, brother or sister, that's when you got your healing. But you go along, and saying, "Well, Lord, you didn't treat me right." Or something like that. The faith that taken away unbelief will resurrect it again. When you take your stand for Jesus Christ, stay there and die by it.

⁵³ What God says is the truth, and don't you fear what...Satan hasn't got anything to do about it. Don't argue with him. Don't fuss with him. Just ignore him and walk away. If you fuss with him, he will keep you fussing day and night. See? "Well," he will say, "You know you're not healed." You'll say, "Well now look, Satan, I want to tell you something." Don't say it. Just say, "Get away. I don't want to hear nothing more about it." And walk on and say, "Thank you Lord." Go on. See? Don't pay any attention to it. Now I...

⁵⁴ Now, your doctor, he can tell you about your body, your anatomy, but I'm here, I...My work is in the realm of spirits. That's where I live a big part of my life is in another dimension that the world knows nothing about. I speak that in the Name of the Lord. They don't understand. There's no need of trying to explain it, no way to explain it. I cannot heal nobody. I never healed a person. I never will heal a person, and no one else ever did. For God said, "I am the Lord who heals all thy diseases." Then all hospital cases...

⁵⁵ That's Divine healing. Any healing that would come any way at all has to come from God. Or God told something that was wrong. It's God. That depends on your faith. Now, notice closely now. The only thing that I can do to help you is by Divine gift that was ministered to me, as a baby, when I wasn't a few minutes old. My mother's coming up, I think, this next week. I wish for her to come to the platform and testify. Let her tell you what happened on the morning.

⁵⁶ I have got a lovely old Irish mother. And I...It was nothing that I had to do with it. God sent it, not me, to work through here to you. You are the one, and He's vindicated it everywhere. The only thing that I can do...Now, that you might not get a superstition. The only thing that I can do is say what I see; for instance, if I was standing in Philadelphia at this time, and I was standing there on the street, I'd say, "I know I'm conscious, I'm on the street." But I could say, "I see an auditorium; there's people gathered. It's a hot night. They're fanning. There's a man setting before me with a blue shirt on. He's got a...He's setting in some kind of a little chair, over-looked like, where they scoot him around. He's got a Bible in..." That's all. Then it could leave me.

⁵⁷ I'd say, "Well." Just as natural as I am standing here, I'd say, "I seen a—an auditorium somewhere." See? "I seen this, that..." Just what I see,

woman. May these headaches that's hurting her and bothering her, and how she's tried in ever way she could to get rid of it.

¹¹³ But, Satan; you've hid from the doctor, but you can't hide from God. He knows right where you are. In the Name of Jesus Christ, the Son of the Living God, come from the woman. Alright. Look here. Now, sister, now of course you don't have it now. You go. Now, it's all left you now. It'll stay away from you as long as you can believe and have faith. God bless you.

¹¹⁴ Alright. Come, lady. Are we strangers? I do not know you, I don't believe. I...That anointing kind shakes me just a little bit. Ma'am? Never saw me till this meeting. Well, then, if I never...Excuse me, it was something going on, I was watching. I see someone holding their head the same way, but it was a colored lady. I—and I looked, and it was. Yes, it is. It's that woman sitting right there with that yellow blouse on; that's who I seen in the vision. Don't you have something wrong like sinus trouble or headaches? Is that right? If that is right, stand up on your feet. Is that the truth? So many time you put your hands up like this and hurt like that, is that right? Do you believe on Almighty God's Son, Jesus Christ? In the Name of the Lord Jesus Christ, I ask God's blessing upon you that that leaves and never comes again. God bless you, lady. You must have been praying. You must have something.

¹¹⁵ I seen that spirit that this woman healed with that flashed by and something move me. I seen then up before me here with the lady rubbing her head. I thought it was the same one, but it wasn't. It was...See it was the colored lady. Now excuse me, sister. Every skeptic in here ought to feel ashamed of himself.

¹¹⁶ Come near. You said you never seen me till this meeting. I don't know nothing about you then, do I? There's nothing in the world that I would know about you. I perceive that you are a believer though; you are a Christian woman 'cause your spirit, it seems welcome, you see. That means you believe. See? See? Now, you are conscious that something is taking place. That's this Anointing which will not hurt you. It will not hurt you. If anything, It is to help you. And now...

¹¹⁷ Yes. Now, just a moment. Haven't you had an operation? Isn't that right? And wasn't that in the, for gall stones or something? Is that right? It was right in there? Is that right? Is that true? In the hospital. And now it's caused you...Some way, I seen you can't eat right or something. It's affected your stomach. Isn't that right? If that is right...Alright, sister, come here. Is He near?

¹¹⁸ Lord, Jesus, Creator, God the Father; come near and bless this poor child of Yours that Satan has afflicted. And from...As I lay my hands upon her in commemoration of the Word of our dear Lord Jesus, He said, "These signs shall follow them that believe." And I pray with all my heart that she will be able to go home and eat anything that she wants to and be made well, through Jesus Christ's Name, I ask this. Amen.

¹¹⁹ Alright now, sister. Isn't He good to you? Isn't He lovely? How would I know anything about your condition? I don't know what the

that's the reason I...Now, you're conscious something's going on now. And is...That's it. It's coming from this side, as a wave. Now, audience, in the Name of the Lord I speak; that picture that you see back there which is in Washington D.C, the Angel of the Lord: He is just a few feet away from me, standing here to the right side now.

¹⁰⁸ He's a man larger than I. This woman standing here is conscious of that. I want to ask you something, lady. You are probably known amongst this crowd. I do not know you. But you are conscious that something is going on. If that is right, raise your hand. See? It's His Presence.

¹⁰⁹ The other night I seen something take place. No one knew nothing about. I seen a certain preacher here that wanted to get near when that Anointing was on, just to see what would take place. How about that Reverend, is that right? You didn't think I knew that, did you? He walked up there, and want to get to the place, so he...See? Just to see what it was. Not you're curious; you wanted it. Yes, my sister, you are...You suffer with some sort of a headache condition, causing you to have headaches all the time. Isn't that right? I see you holding your head many times like that. You do quite a bit of reading or something; that's a book or a magazine or something that I see you sitting there reading. When I see you sitting in a room, in a chair, reading something. Is that what it was? Yes. I see it was a book when you was reading. You had a headache, and you were rubbing your head like this. You was reading a white looking...It was my book. Is that true? And you become then conscious.

¹¹⁰ Nobody knows that 'cause there is nobody there but you. God seen you. And you thought then, "If I can get to the meeting, and maybe he will pray for me, these headaches will cease." That's when you begin to be having faith. Isn't that right? That I might tell you something else now to move your faith up. That's caused from a female trouble. I know you been told other things, but it's wrong. See? They call migraine headaches and so forth like that, but that's wrong. They made an error. I am not correcting the doctor, but I do know what I am speaking of.

¹¹¹ In order that you might know that I am God's prophet, you don't belong to this type of church. But you do belong to a church and that's Christian Science. Is that right, is that right? Yes, sir. I seen you in a Christian Science reading room. That's the reason I know that you belong to it or was there. Is that right? If it is, raise your hand. Alright, come here. Do you believe if I ask God...This is not mind over matter. This is the Power of Almighty God to make it leave you. Do you believe? Alright, you'll serve Him all the days of your life?

¹¹² Almighty God, I seen Your Light flash around this woman. I believe that the hour is here for her healing. Sincerely and humbly, the Spirit of God has moved in upon the woman. Oh, Lord God, Creator of heavens and earth, and Author of Everlasting Life; You said, "The prayer of faith would save the sick and God shall raise them up." And oh, as I pray for the sick, I ask You, dear God, to move thus tonight and heal this poor

that's all I can say. And that was given by Divine gift that was given by Almighty God, which is consciously speaking, or trying to say the best that I know how. God foreordained things to be. Look here.

⁵⁸ How many in here ever dreamed a dream? Let's see your hands? Well, the bigger percent of you...Well, what if I said, "You dream me a dream now." Could you do it? No, sir, it's impossible. So is it impossible for me to see a vision for this woman or that man. Just as...Ever who give you that dream, it's up to them. It's not up to you. No matter how much you want it, it's what they say. Is that...whether God gives it to you or not. Is that right? That's the same way it is here.

⁵⁹ Well, there is people in here, that I noticed hands a while ago that never dreamed dreams. They just sleep sound. They don't dream at all. Now, I'm going to try, because I know that there is people here that...Now, don't try to argue with me. I know there is people here that does not understand. Here is what it is: Here is a man's conscience, right here, the conscience you live in now. We are taught by science that you're dreaming, you are in your subconscious. Did you ever see a person dreaming?

⁶⁰ You think you dreamed all night. It isn't that long. Just a moment. You whine a little bit. You've done dreamed hours of dreams, you think. But just a moment, a flash while it's going through...The person that is dreaming is not sound asleep. But you people here who does not dream dreams, your subconscious will be back to a place where you do not reach to it in sleep. You can't help that. You can't help it. You were born that way. Something that had the rulership over you that made you, made you that way. You couldn't help it. And you people who dream dreams, you can't help that. You don't have no control of it. It's your subconscious. Now, I want to ask you something. Now listen close. Now, when you are asleep...

⁶¹ There is many times in this conscious here, when this conscious's not active. You go out of this conscious, into sleep, wake up over here in dream-land, as we call it. Now, you can remember things in here or dream about things that you done while you were in this conscious. Is that right? And then when you wake up out of there and up here in the first conscious, then you remember things that you dreamed about. Is that right? Things that you dreamed years ago. But those people who don't dream, they were made and their subconscious is way back, they don't dream at all, parable-y speaking, now. Now, a seer of visions is...God has to send that Himself. Now his subconscious is neither back there, nor here, that far away from him. It's right here. He doesn't go to sleep. He just breaks from one conscious to another. And in...

⁶² Now in this dreamland that we speak of, God sometimes deals with people through dreams. You believe that? He did with King Nebuchadnezzar, with Joseph, and Joseph the father-foster father of Jesus. He promised that in the last days that the old men would dream dreams, the young men see visions. See? God sets that in order.

⁶³ Now to see visions, I couldn't help that. Nobody ever laid hands on

me and said, "Now you have the gift to see visions." It wasn't that I merited it. God ordained it to be so. And then...And I find that is so, then I come out here in the Name of the Lord after He had commissioned me to do so, to try to help you to believe on God. You see? Now, how many understands now what I'm speaking of? Alright.

⁶⁴ Now, I want to ask you. Jesus Christ claimed not to be a healer. Is that right? He said, "It's not me that doeth the works, it's the Father that dwelleth in me." Is that right? Now I want to quote a scripture. When He passed by the lame, and halt, and blind in Bethesda there at the pool, Saint John 5.

⁶⁵ Now, listen to this real close. The Jews questioned Jesus, and He's talking about the diabetic or whatever He healed. He said, "Verily, verily, I say unto you..." Listen, I'm quoting your Lord and my Lord. "Verily, verily, (that's 'absolutely, absolutely') I say unto you the Son can do nothing in Himself, but what He sees the Father doing: that doeth the Son likewise. And the Father loveth the Son and show Him the thing what things so ever he doeth. And He will show you greater things (then healing of this diabetic, otherwise) that you might marvel." Is that right?

⁶⁶ Now according to Jesus' own word which I believe they are the Truth; no one disputes that Saint John 5 is not in—but what is inspired. And according to His words, He said, "I do nothing until the Father shows me what He is doing. Then what the Father shows me, that I do." Is that right? Saint John 5:19. Now if Jesus Christ is the same yesterday, today, and forever, "A little while and the world seeth me no more, yet, you'll see me. For I will be with you, even in you."

⁶⁷ Then Jesus Christ comes into His church, to His people, to manifest Himself out through the people. While He Himself is sitting at the right hand of the Father, sending back the Holy Spirit, the third person of the trinity, to live in human beings, to work through them, to show the same work that He did in the beginning; making Him, the same yesterday, today, and forever. Is that right?

⁶⁸ "Ye shall see Me." Who? The believers. "You'll see Me. I will be with you. I will be among you. Somebody there will be doing this. See? I will be with you, even to the end of the world." Is that the truth? Well then, if we were looking for Jesus tonight, we'd look for the Master of Life who says, "I can do nothing in Myself, but what the Father shows me. For what the Father shows Me, that I do." Is that right?

⁶⁹ Now, if I come to you testifying in the Name of the Lord, that He is the same yesterday, today, and forever, and His Presence is here that He is here to do these things. If it comes not to pass, then you say I've told you wrong. But if it does come to pass, then you are obligated to God to believe His Son, Christ Jesus, is the same yesterday, today, and forever. Is that true? Let us pray.

⁷⁰ Father, I know that I am a mortal man, and one of these days that I must come up to your house. I must come there trembling, knowing this, that by faith I believe that You will let me in. I tried, yet I am unworthy. I'm not worthy even to live, let alone preach the Word of God. But, Lord

¹⁰¹ Alright, I just seen a light; I think it was a camera. Now don't flash a camera while this is going on, if you will, dear brother. Do you realize that the Angel of God is a Light, and when It moves, it attracts me, 'cause I think It is moving me from one place, to another. And that's why I ask that. I love you, and I don't want to hurt your feelings, but it's for the—for God's glory. See? It pulls my attention from place to place; watching because It's a Light Itself. See? It's a Light, and I am watching, waiting for it now.

¹⁰² When I seen that flash, I thought, "Well, here It is out in the audience. Before I started praying for the people on the platform." But it...I seen then that it must have been a reflection. 'Cause it never settled on anyone. So you can have all the pictures you want, but just wait until after this part is over, if you will.

¹⁰³ Everybody just as lovely and be just as full of the Spirit of God, and in prayer. Now...Now of course, lady...Now, I want to talk to you just a moment, because you're my first patient. And I don't know you. I believe we are strangers aren't we? I never seen you in my life. So the...Therefore, I will just speak to you a little bit. And when I am speaking to you, then if He shall come...Now He don't...See, it's up to Him. He has never failed me yet.

¹⁰⁴ And I believe that He will come. Because look here, at this group of people here tonight, just waiting and watching. And He will come. And if He does, then He will act the same Jesus that He was. See?

¹⁰⁵ Now, when He met the woman at the well, He went right straight and told her what was wrong with her, where her trouble was. Now if she'd had a tumor...He said, "Bring me a drink." She'd say, "It is not customary for the Jews to ask a Samaritan." See? He's just talking to her then, just to...See, you're a human. I am a human. And we have two human spirits. Now, when this anointing comes on me, well that's the Angel of, or a gift of God, which is a messenger, an Angel sent from God. And now it's a part of God, an attribute of God. And then it'll...And then they're a spirit now, then we break from the natural into the supernatural.

¹⁰⁶ And then in between here, your spirit is speaking to me and I am speaking back to you through mortal lips, but with both two anointing. It's two...Now, if this spirit here, that's on me to bless you; not that I can bless you, It can bless you. See? Now and then...if your spirit is willing, but if you have a spirit of unbelief, then He can't bless you. See? It'll just tell you; it might say what's wrong or something, send you on. But if you believe, and these two spirits can get together, see, it is a battle. There is a demon crying, begging, pleading and like that. And there is the Spirit of God, standing there looking at it.

¹⁰⁷ Now, it just depends upon which way our spirit is running. I believe, if I can get you to believe what I said is the truth, then something is going to happen. See? It has to happen. See? You understand what I mean. Now, I get the microphone close, because many times they tell me that my voice get so low that I...The audience can't hear it, you see. And

with the flower in your hair? Have you got a card, sister coming to the line? Oh, you're looking for somebody else? Alright, sister, okay.

⁹⁵ Now, be sure if your neighbor is deaf and dumb, he could not hear it, and then his line...Then it...The people say "Well, I have that card. Well, I am suppose to come in line tomorrow night," See? when they already had their time called. You see what I mean. Then they write letters into my office and say, "Brother Branham, I had that card, and you didn't do..." See? I have to keep that lawfully, you see. Righteous before God. I have to be reverent and respectable in those things and see if that's right.

⁹⁶ Now alright, is the twenty-five lined up? All twenty-five in line. Alright, that's fine. Now, now remember if the Anointing of the Holy Spirit comes upon me and there is more than that, then we will call from twenty-five, L 25 to 50. Be ready next. I don't know how long they will let me stay. Last night, I collapsed plumb out. See? But I don't know how long they will let me stay. But if there is anything, I am making my other call, now. From L 25 to L 50 for the next line. The reason we got...I would have you stand, right now. But there would be too many standing at once, so now let's bow our heads, reverently in a word of prayer.

⁹⁷ Now, thou Lord, the Creator of heavens and earth, be merciful to us, your believing children. We believe that the day is near, when our Lord Jesus shall return. And how people are in this day, have turned to unbeliefs. And how they...Well they were...

⁹⁸ We understand that there has got to be a group of people like that. There has got to be unbelievers. Those spirits that was up upon the Pharisees, upon the Sadducees, and upon those people of the days. We realize that those spirits still are religious spirits, and they live in mankind today. God, with all my heart and with all my soul, receive my thanksgiving, Lord, bringing me away from such as that, that I might believe you in the fullness of your resurrection.

⁹⁹ And as I realize that my poor heart, as it's beating every minute, it's beating one more beat towards that great dark door yonder that I've got to go through someday called death. Then what will I do? Father, now let me live so, that in that hour when I come up to that door, that I will not be a coward. I'll wrap myself in your righteousness, enter that knowing this, going into that death chamber, knowing this, that I know Him in the Power of His Resurrection. That when He calls, I will come out from among the dead. God, let me live so now.

¹⁰⁰ Grant it, Lord. Not only in me but all these that thou hast given for the audience tonight. May when the trumpet sounds, may we all come out. Or if we are still living, may we be changed. And now, Lord Jesus, in your loving kindness as your prophet prays, I ask with all my heart that You will spread forth Your, as it was, wings of healing over this building tonight. And may there be great things be done for the Glory of God. Lord, receive my prayer, as I give to you in a committal in the Name of Jesus Christ. Amen.

Jesus, here's mortals, a few thousand of them sitting here tonight; they are interested. They are fanning with fans; it's hot. They are not sitting here to be seen. They love you. And I come here to Hammond because that you told me to come here. And I am doing all that I can to magnify your lovely Son Jesus. As Thou bear me record, Lord, that I take no credit of my own or no powers of my own or nothing within me, only the Holy Spirit of God.

⁷¹ And Father, I have tried to make it clear to the people through these nights and in the following nights, I shall just come and then go through the praying for the sick, if it be Thy will. But make it clear tonight before this audience here, that there is nothing within thy servant to heal, only their faith in Your Son, Christ Jesus.

⁷² For any man climbs in any other way is a thief and a robber; and I certainly wouldn't want to be called a thief and a robber at that day. I want to come and lay my trophies at your feet and say, "Lord Jesus, I did the best that I knew how, by the leadership of your Spirit."

⁷³ And now, Lord, here we are again tonight, about ten or twelve nights in this meeting. The audience, and the crowd is small; the weather is hot. But Thou has been here every night, and You have manifested Yourself, till if I should leave Hammond tomorrow and You'd call me away, then this audience will have to know that You have testified. The world around where we've been will have to know, for millions have rallied. And the scientific world will get down with their glasses and ultra-ray lights and so forth says, "It's the Truth."

⁷⁴ Then, Father, what stands in the way of the people from believing? God, give them faith tonight. Put a double portion in this building. Many people tonight just say, "Well, this is one night that I am really going to open my heart. This is one night where I am going to believe. And if this little, frail fellow on the platform has told us the Truth, then, Jesus Christ, You come down and speak to me. And then You let Him see me, and then I will know." Grant it Lord.

⁷⁵ And then in return, may your Holy Spirit come over your servant, and may It move down the audiences and the balconies and around the building, and wherever You would see the desire of faith. And let your servant see the vision, that I might speak to the people revealing to them, the same as You did to the woman at the well. Or Nathaniel when he came to You, and other occasions, where the mules were tied, the fish with the coin in his mouth.

⁷⁶ Declare Thy great love tonight, Lord. Now, I wait humbly as Your servant, committing myself to You for Your service. God grant that there would be a solid blanket of faith over this building tonight. That when the service is over, may they rejoice like those coming from Emmaus. Said, "Did not our hearts burn within us?" They had walked with Him all day and didn't know Him. But just the way He did something there at the table, they recognized Him.

⁷⁷ And God, Creator of heavens and earth, and the Author of Everlasting Life, the Giver of every good gift, may You do something

unusual tonight, to the people, that they might see and believe. Not that they have to see...“Greater is their reward who has not seen and yet believe,” but that You might declare and to fulfill Your Word, which says that You are the same yesterday, today and forever. “And the things that I do shall you also.”

⁷⁸ Father, I claim to be your humble servant. And now magnify Your Word through Your humble servant, as I wait with a broken spirit, waiting, and humbly asking your blessings, in Jesus Christ’s Name. Amen.

⁷⁹ How many in here is on grounds to believe tonight? Are you open-hearted? Are you willing? Now remember, in an audience of this size, I must make this statement. I don’t know, sometimes epileptics and so forth, that’s the only thing gets away from me, seemingly is epileptics.

⁸⁰ While the prayer is going on for the sick, if you are a critic, I would not stay in this building. For let me speak to you if my words are true, you are subject and open to every unclean spirit that would leave the people. If that’s not pure Bible teaching, I don’t know it. And how many times have we seen it in our meetings? And you must...

⁸¹ Now every one of you set solid. Anything should come up, Satan would rise in any way, just hold your peace and pray. Just set still. God will take care of me here. See? You just be in prayer for me saying, “God we’re looking for your manifestation.” Just set still. Don’t move. Don’t run. See? Just set still.

⁸² We’re in a spiritual meeting, in a meeting where the Holy Spirit is here amongst Christian people. But remember when spirits leave a person, they are absolutely helpless until they are embodied again. Do you know that? That’s Scripture. “Suffer us to go into those swine,” they said.

⁸³ What is tonight? K? L, how many? A hundred? Where’d we start from? We started...I tell you, let’s start from number 1, L-number 1, tonight. Line up the first twenty, thirty something... twenty...Let’s take twenty-five of them; twenty-five will be enough. Don’t you think, Brother Baxter? About twenty-five, the first twenty-five. L, who’s got L 25 to 1? Turn your card over. It’s got a number on the back of it. L 25 or L 1 to L 25. Let those rise first.

⁸⁴ Now, you sitting next to one another, here every night nearly, I see somebody punching somebody to tell them, that’s deaf or something like that to get into the line, or somebody hard of hearing. Somebody, search around. Let some of the ushers look at those people on the cots, or somebody here to look at one another’s cards and see if you got—if they got a card. They may not even have cards. We give out cards late this afternoon. There wasn’t very many of them given.

⁸⁵ Now, how many people in here that’s really in need of prayer and wants Almighty God, if His Presence shall come, wants Almighty God tonight to heal you? Raise up your hand. Oh my, it’s just solid everywhere. Just look.

⁸⁶ Now, dear Christian friends, you the first comers, let these others testify of this. In the service, these people here, just a few of them gets to the platform. It’s just somewhere, so the Spirit of God will come here to start. If It would start without it, it would be alright.

⁸⁷ Well now, look; in the midst of this, if you will pray, God will move out into these places out here and send His Spirit, and do you know what happens? That Light, I see It move when I am under the anointing. It holds over the person and then just breaks forth and shows their condition, then goes away. And that’s how I call those things. And sometimes I see them when I just call them. The Angel of the Lord is near that praying saint and wants to reveal to them a what’s—something or another to give them faith.

⁸⁸ Sometimes I see them healed. Then when I see It move again, see what effect It has on them when you speak to them. And if It moves again, then I tell just exactly what happened. If it doesn’t, I just let it go and say, “The Lord Bless you.” I don’t know. But when I see a vision that if they are healed, then that’s different. That’s altogether different, when I see they are healed. But now if I don’t, I pray for them and say, “The Lord bless you.” Ask that blessing, and God manifests Himself.

⁸⁹ How many says—knows that’s the Truth? Let’s see your hands now as a witness to the newcomers. You see what I mean, newcomers? Now, to my opinion, maybe I just look at it wrong, but to my opinion, that’s infallible. The Lord Jesus Christ here, the same yesterday, today, and forever.

⁹⁰ And if you had seen the times that that has been attacked by critics and everything, and see what’s happened to them, and know the history of it. Brother Baxter here is one of, somebody been with me for about four or five years. Every case, everywhere, every time, it’s ever been attacked, Almighty God has come on the scene. Is that right, Brother Baxter? Is that right, Brother Bosworth? If that is right, raise up your hand so the people can see. Brother Baxter?

⁹¹ Almighty God comes on the scene and watch what happens. So don’t fear. Fear is of the devil. Everything Jesus would say, “Fear not, fear not,” constantly, “fear not, fear not.” Is that right? Always, “Fear not.” Now, God don’t want you to fear; He wants you to believe. So every one of you believe with one accord, one accord, every one of you.

⁹² Have you got some cards out, Paul? Four or five cards out. ‘L’...look around to the deaf and dumb.

⁹³ You got...Number 4 is missing. And number...What other numbers are they? Somebody look around and see if they got the numbers wrong. What—what’s your numbers, Billy? Alright, 1 to 25. Number 4 is missing, and some others down along the line. If you got L 1 to 25, please get in the line now, or you’ll miss your place. Look around and see if there is somebody in there that’s got the—that is deaf and dumb, maybe and can’t...Huh? Alright.

⁹⁴ Now I seen two go. The little lady...What’s your card, sister there,
